

Herrington Country Park

Address here

Home to a wide range of outdoor events, Herrington Country Park offers walks, cycle trails, environmental sculptures and much more. The Green Flag award-winning park also features one of the largest open-air concert sites in the North East.

The site offers numerous event spaces including an amphitheatre, lake, hillsides, flat areas and significant visitor parking, and is significant in size and can be scalable to suit the occasion.

The adaptable spaces within the park have been used for everything from Radio 1's Big Weekend, and Let's Rock The North East, running and cycling events and community festivals to vehicle shows and soapbox racing.

There is excellent access to the park via main transport links. Local public transport providers are also very willing to discuss alternative arrangements if required.

Sunderland City Council delivers and hosts many large scale events. We understand requirements regarding costs, infrastructure and licencing, and we are very keen to help organisers make the most of the fantastic opportunities the city has to offer.
