

Market Square

Market Square, Sunderland SR1 3HW

Market Square, in the heart of Sunderland City Centre, is a pedestrianised location with a large footfall, linking Sunderland's main public transport hubs with city centre shopping.

It is close to Sunderland's bars, restaurants and shops and offers excellent transport links. The adaptable and flexible space has been used to host Christmas and international Markets, large screens, commercial promotional activity and plays host to the annual Sunderland Pride parade and small public performances.

Its close proximity to the Bridges Shopping Centre and Sunderland rail and Metro stations mean that it has a large footfall and easy pedestrian access. There are also several thousand on-street and multi-storey car parking places within the city centre.

Please note, events held in Market Square would need to consider the access required by local businesses.

Sunderland City Council delivers and hosts many large scale events. We understand requirements regarding costs, infrastructure and licensing, and we are very keen to help organisers make the most of the fantastic opportunities the city has to offer.

Description

Paved outdoor public space

Event capacity

2,500 dependent on infrastructure, layout and areas utilised
