|  | Take Off Enclosure               |  | Ice Cream  |
|  | Exhibitors                       |  |  |

### Seafront

You will find a range of promotional exhibitors along the seafront as well as a viewing screen so you don't miss any of the entertainment from the stage. Brand new to the event this year is the Summer Village where you can enjoy live music, children's entertainment and a fantastic selection of food and drinks.

### Recreation Park

This area holds the majority of our trade and exhibition stalls, including the fabulous FAB experience. Pop in for a browse and a bite to eat and watch the performances in our new arena. The full arena programme is in our What's on guide over the page.

### Cliffe Park

At the very centre of our event site you will find our main stage area, which will host live music throughout the weekend, as well as food vendors and bars. You will also find Citroen and the Royal Air Force here. Take advantage of our brand new viewing area, where you can sit on our deckchairs and relax whilst watching the flying displays or stage. The Take Off Enclosure is a paid area where guests can enjoy an upgraded experience.

### Bede's Cross

Bede's Cross is the home of our Military Village hosting exhibitions and interactive activity from The British Army and Royal Navy. Pop in for an ice cream and discover more about military life.

### Roker Park

Will be home to a zip wire, family friendly games from Active Sunderland and where small and big kids can get their faces painted! Roker Park Miniature Railway Ride will also be operating on Saturday and Sunday.
